FULLSTACK SOFTWARE DEVELOPER

LEONID YESAULOV

ABOUT ME

Hi there! I am a young and energetic fullstack software developer,
currently enrolled in Informatics BSc. degree program at TUM
I have already gained practical experience while leading a successful (Note 1.7) uni project,
developing secure memory unit simulation in C/C++.
Also I am working on a homelab with tasks ranging from networking and security to automatisation
and deployment, gaining proficiency in server management, Linux, Python, Go, gRPC and REST.

EDUCATION

2024-2027

Informatics BSc. at Technical University of Munich

2023-2024

Preparatory College at the Universities of the Free State of Bavaria

COMPETENCIES

Backend: Python (FastAPI), Java, C/C++, gRPC
Misc: Git, Docker, Linux, Make, Teamwork
In-Progress: Golang, Flutter/Dart, IT-Sec, CI/CD pipelining
